

The Numbers Are In! The Animals We've Helped So Far in 2021...

<<First Name>>, as one of AAA's valued supporters and/or donors, we wanted to bring you this special mid-year update on what we've achieved for working animals from January to June, 2021.

The numbers below are compiled from the various partner groups we support directly and speak for themselves... just look at **the positive difference we are making for thousands of working animals globally!**

Your Impact: January-June, 2021

· **28,012** working animals (including donkeys, camels, cattle, shepherd dogs, mares, stallions, mules, sheep, goats and poultry) provided with essential veterinary care

· **232** mobile veterinary clinics conducted

- **388** emergency call outs
- **1555** working animals rescued

- **338** major and minor surgeries performed in the field
- **79** veterinary assistants educated
- **910** equines attended to by a farrier
- **12** water troughs distributed

- **606** blankets, keens/soft back padding and nasal protectors provided for working equines

- **408** humane harnesses made and/or padded for working animals
- **92** lighter carts made or adapted for working equines

- **334** cart reflectors & plastic nose pegs distributed for working camels

- **667** equines or stray animals being fed during COVID-19 lockdown

Enormous thanks to each and every one of our supporters, donors, sponsors, members and volunteers for helping us achieve so much already this year. Together, we'll continue to improve the lives of working animals around the world.

1000 Donkeys Spared from the Yoke

Whether you donated an item for our online auction, placed a bid on one of the items, spread the word by liking or sharing our posts or donated during June, we just want to say a **heartfelt thank you for making our Lose the Yoke Campaign a huge success!!**

AAA are thrilled to report that our online auction raised \$4,034.35 and, through the wider campaign, we raised \$57,013.01! This fantastic result is well above and beyond our initial fundraising target of \$36,000.

These funds will now go directly towards replacing cruel yoke harnesses, which cause working donkeys chronic injuries, infections and pain, with humane harnesses. Providing donkeys with well-designed, padded harnesses will make their working days far more comfortable and spare them from undue suffering and preventable wounds. **Our aim is to replace heavy, wooden ox-yokes with humane harnessing for at least 1000 donkeys.**
